Senior Project Manager – PMO

Description

We are looking for a senior PMO to join a global Financial markets organisation for their London Canary Wharf office.

Role & Responsibilities

- Work as a PM/PMO with Global Markets to deliver the IBOR transition program
- the transition of the discounting methodology
- assessment of the impact on risk and valuation models
- testing framework for financial products that use the new ARRr
- assessment of the contract inventory and model inventory
- impact on yield curves, libraries and system deployment
- Own the delivery of the complete change program
- Work with the key stakeholders across Front Office trading, Traded Risk and Product Control

Experience and Skills

- 15+ years
- Senior PM/PMOs with FI background and experience delivering large and complex change programs
- Must have significant experience on the FI side with very good understanding of linear and non-linear FI products.
- Candidates should have good understanding of the IBOR transition across discounting, fallback, yield curve impact, new ARRr, related reg requirements/industry developments
- Excellent written and oral communication skills
